

## TxOHC Individual Membership Agreement

The Texas Oral Health Coalition, Inc. (TxOHC) is a nonpartisan state level oral health coalition that was formed in November 2004 and acquired nonprofit 501 (c) (3) status in 2009 to promote oral health across the lifespan by advocating for optimal oral health for all Texans through statewide partnerships.

TxOHC is the primary organization in Texas that provides a nonpartisan forum which allows a diverse network of stakeholders to collaborate and create innovative and viable solutions to improve the oral health for all Texans. If you, or your organization, share our mission and can envision Texas as a state where every person is known to enjoy optimal oral health as part of one's total well-being through individual shared community responsibility, then we would like to invite you to apply for membership and partner with our coalition.
