

## Disclosure of Financial Interests

The intent of this Disclosure of Financial Interests is to allow Texas Oral Health Coalition, Inc. (TxOHC) the opportunity to resolve any potential conflicts of interest to assure balance, independence, objectivity and scientific rigor in all of its continuing education activities. **All faculty, planners, speakers or authors of TxOHC sponsored activities are expected to disclose to TxOHC any relevant financial relationships with any commercial or personal interest that produces health care goods or services related to the content of an educational presentation.** Faculty, planners, speakers and authors must also disclose where there are any other potentially biasing relationships of a professional or personal nature. **This disclosure applies to themselves and their spouse or partner over the last 12 months.**

### Glossary of Terms

**Conflict of Interest-** Circumstances create a conflict of interest when an individual has an opportunity to affect continuing education content about products or services of a commercial interest with which he/she has a financial relationship.

**Commercial Interest-** Any entity producing, marketing, re-selling, or distributing healthcare goods or services consumed by, or used on, patients. Providers of clinical service directly to patients are not considered to be commercial interests.

**Financial Relationships-** Those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria for promotional speakers' bureau, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities for which remuneration is received, or expected. Relevant financial relationships would include those within the past 12 months of the person involved in the activity and a spouse or partner.

**Off Label-**The use of products for a purpose other than that for which it was approved by the Food and Drug Administration (FDA).

---

Do you and/or your spouse or partner have any potentially relevant financial or biasing relationships, including relationships with proprietary entities producing health care goods or services related to your role with planning or presenting continuing education events?

No  Yes

If yes, please identify the company and the nature of this relationship [Please indicate the full name of the commercial interest(s)/organization(s) next to the best description of the relationship(s).]:

- Grants/research support: \_\_\_\_\_

Use the space below to briefly describe your professional experience or areas of expertise (including publications) related to your involvement in continuing education and your particular role, e.g., speaker, presenter, peer reviewer, administrator, etc.:

**Dr. Angela Catic is an academic geriatrician with a career focus on education and models of care. During her tenure at Beth Israel Deaconess Medical Center and Harvard Medical School, she was the recipient of a Hartford Center for Excellence Research Fellowship Award and two Geriatric Academic Career Awards which focused on developing, implementing, and assessing innovative curricula and models of care for multidisciplinary learners regarding geriatric pain management;**

**delirium prevention and management; and transitions of care. Dr. Catic was also instrumental in establishing an advanced dementia consult service and geriatric tele-education program (ECHO-AGE) focusing on behavioral and psychological symptoms of dementia in long-term care. Since transitioning to Baylor College of Medicine in 2014, Dr. Catic has assumed leadership of the outpatient geriatric clinic at the Michael E. DeBakey VA Medical Center and directs the geriatric fellowship at Baylor College of Medicine. At the VA, she has established a geriatric cognitive clinic, chairs the facility dementia clinic, and is involved in cognitive focused clinical research. Since July 2019, Dr. Catic has served as the co-director of the Southeast Geriatric Workforce Enhancement Program (SETx-GWEP). The SETx-GWEP brings together academic institutions, primary care practices, and community based organizations across Houston and Southeast Texas with a goal of implementing age-friendly care and improving health outcomes in older adults.**
