

Disclosure of Financial Interests

The intent of this Disclosure of Financial Interests is to allow Texas Oral Health Coalition, Inc. (TxOHC) the opportunity to resolve any potential conflicts of interest to assure balance, independence, objectivity and scientific rigor in all of its continuing education activities. **All faculty, planners, speakers or authors of TxOHC sponsored activities are expected to disclose to TxOHC any relevant financial relationships with any commercial or personal interest that produces health care goods or services related to the content of an educational presentation.** Faculty, planners, speakers and authors must also disclose where there are any other potentially biasing relationships of a professional or personal nature. **This disclosure applies to themselves and their spouse or partner over the last 12 months.**

Glossary of Terms

Conflict of Interest- Circumstances create a conflict of interest when an individual has an opportunity to affect continuing education content about products or services of a commercial interest with which he/she has a financial relationship.

Commercial Interest- Any entity producing, marketing, re-selling, or distributing healthcare goods or services consumed by, or used on, patients. Providers of clinical service directly to patients are not considered to be commercial interests.

Financial Relationships- Those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria for promotional speakers' bureau, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities for which remuneration is received, or expected. Relevant financial relationships would include those within the past 12 months of the person involved in the activity and a spouse or partner.

Off Label-The use of products for a purpose other than that for which it was approved by the Food and Drug Administration (FDA).

Do you and/or your spouse or partner have any potentially relevant financial or biasing relationships, including relationships with proprietary entities producing health care goods or services related to your role with planning or presenting continuing education events?
