

# Texas Oral Health Report Card

TxOHC envisions a state where every person is known to enjoy optimal oral health as part of his/her total well-being through individual and shared community responsibilities. The Coalition has the partnerships and commitment to collaborate with others to create innovative and viable solutions that address oral health inequities. Texas may have earned a C when compared to the nation's performance on 12 key oral health indicators, but working together we can improve our grade and realize a healthier Texas.

Indicator	Desired Trend	TX %	US%	% Difference	Points	Grade
1) Children ages 1-2 enrolled in Medicaid who received a preventive care visit through Medicaid	↑	59.7	25.2	81.27	4	A
