

**TOBACCO RESEARCH  
& EVALUATION TEAM**  
THE UNIVERSITY OF TEXAS AT AUSTIN™

**Helping providers support  
patients when they are ready  
to start a tobacco-free life**

[www.uttobacco.org/healthcare/etobacco](http://www.uttobacco.org/healthcare/etobacco)

*Dedicated to improving access to tobacco cessation support for Texans.*

eTP

eTobacco Protocol

### Support

refer patients to free tobacco cessation counseling and nicotine replacement therapy from the electronic medical records (EMR)

### HIPAA-Compliant

encrypted data transfer, in compliance with ONC standards, provides patients with nationally recognized cessation support services

### Solutions

improve patient outcomes and clinical measures by providing greater access to proven resources that support increased tobacco cessation
